WRITE AUSTIN TODAY

In 1969 the Texas Legislature finally got around to passing a bill which authorized public schools to conduct kindergarten programs for educationally deprived children.

Purpose of the program is to help these children be equally prepared educationally as other children when they begin study in the first grade. Such preparation can help prevent many of them from becoming dropouts in later years.

Here in Hondo, Meyer Elementary Principal Bud Woolfs has two such kindergarten classes and expects to add a third in September. He believes the classes will pay high dividends over a short term and give much more definitive results over the long haul.

"We'll be able to see some results in the next two or three years," he says. "If we can help these children pass the first three years then their chance for survival in higher grades are much greater."

Which brings me around to the main point of this discussion. The Texas Manufacturers Association this past year zeroed in on education in Texas as the target for state spending slashes. The kindergarten program is part of that target.

House Bill 1042 proposes to eliminate the program completely.

If any move could prove to be "penny wise and pound foolish", the attempt to kill this program certainly would be. Many of our problems are caused today by persons whose educational skills have been limited by dropping out of school. Many cannot hold jobs; many become a burden to the state; many become part of the crime problem. If this kindergarten program can help save as much as 25 percent of the potential dropouts, then it will pay for itself over and over again in future years.

So I urge readers of the Anvil Herald to tell your friends (especially those who don't read this column) to write Rep. John Poerner and Senator Wayne Connally and urge them to see this bill does not go down in defeat.

## Walt Rothe night!

Friday night will be "Walt Rothe Night" at Keefe Field in San Antonio and some 80 Medina County residents have indicated they will be on hand for the event.

Walt, the son of Mr. and Mrs. Bonnard Rothe of D'Hanis, plays right field for the Texas Longhorns and will be displaying his talents Friday night.

He has had a "hot stick" this year and Texas fans hope he will continue to belt the ball Friday night as the Longhorns take on Pan American at Edinburg in the NCAA District 6 playoffs.

Game time is 7 p. m. Friday and 1 p. m. Saturday.

## Sweetheart

JAYNE TAYLOR, daughter of Mr. and Mrs. Tony Taylor, was named Band Sweetheart at the Band Banquet. The pretty senior was selected by a secret ballot of the Owl Band members.

# Little League fever hits Hondo area this weekend

Hot-ziggedy! Little League baseball time is here again and this weekend will see the action unfurl in explosive excitement that only this type of baseball can bring about.

First game of the new sea-

son pits the Braves against the Pirates at 6 p. m. at the Hondo Little League Park. Second game, which will see the Angels tackle the Yankees, gets underway at 8 p. m. These two teams are members of the Hondo-D'Hanis Major Little

League. Saturday sees two leagues open play, with the Astros of the Minor League doing battle with the Cowboys at 6 p. m. in Hondo. Second round action slates the Tigers against the Hustlers at 8 p. m.

In Senior Little League action Saturday the Green will be playing the Red at Hondo Little League Park, while D'Hanis travels to Bandera to see action. All Hondo games in the league will begin at 8 p. m.

while games in D'Hanis and Bandera are scheduled for 6 p. m. Other games on the 1971 schedule for all these teams can be found in the three schedules published in next week's Anvil Herald.

Some might go hungry, but . . .

# Texans will buy mixed drinks

There might be a lot of people go hungry in Texas during the coming years, but anyone who wants a drink can be able to buy it across the bar at anytime.

This is the outcome of the Amendment election which saw Amendments I, II and III go down in defeat, while Amendment IV and Liquor-by-the-drink gain approval over

the state.

Medina County voters aligned themselves almost identically to the Texas trend when they turned out in extremely light numbers to cast

ballots. Approximately 1600 voters out of a registered number of more than 7,200 cast ballots in Medina County.

They defeated the same amendments and approved the

only two Texas as a whole liked. Unofficial results over the County showed:

Amendment No. I (Ethics Commission to ride herd on Legislature)--For, 543, A-

gainst, 1040.

Amendment No. II (to allow constitutional amendments to be recommended at any legislative session)--For, 659, Against, 898.

Amendment No. III (to change welfare monetary limitations on the aged, blind and disabled and set a limit of \$55 million on aid to dependent families)--For, 760, Against, 831.

Amendment No. IV (to authorize \$100 million in bonds to help municipalities provide adequate sewage treatment facilities on a loan basis)--For, 825, Against, 751.

Local option on liquor-by-the-drink--For, 941, Against, 305.

Approval of the mixed beverages option means that such sales outlets can be in operation by July 1 if not sooner. Licenses \$2,500 per year for the first two years and \$500 per year each year thereafter.

## FFA members honored

Three Hondo Chapter Future Farmers of America members received high honors at the 17th Annual Area convention in Fredericksburg last weekend.

Louis Rothe was one of seven members to be selected for the American Farmer Degree, the highest in the nation.

Bobby Mumme and Dennis Neuman were among 110 selected for State Farmer Degree out of the 4,799 area members. This is the state's highest degree.

## LIONS REPORT

The Hondo Lions Club reported that they sold over \$700 worth of brooms, mops, etc. Their share was \$169.

## June 28 & 29

## Estate Planning sessions planned for Hondo area

Estate Planning, perhaps one of the most important subjects facing everyone, is to be the theme of a two-night program in the Audio-

Visual Aid Room of Hondo High School on June 28 and 29.

Co-sponsored by the Medina County Program Building Committee and the Hondo Chamber of Commerce, the program is designed to help people realize that they have something of value--a home, land, insurance, money, etc.--and they should plan for its disposition in case of tragedy.

"Unless people have a written means of passing on anything valuable, their heirs stand to lose much in federal and state inheritance taxes," County Agent Glenn Bragg pointed out in announcing the event.

Tom Prater, farm management specialist from Texas A&M, will be on hand to guide the two-night discussions, which will cover calculation of taxes, Texas laws pertaining to distribution of property, trusts and insurance as they all pertain to Estate Planning.

Area farm management specialist Alan Reichardt from Weslaco has indicated he also will be present if possible. Bragg said that CPA Woodrow Eads of Kippa has agreed to be present, and that not selected yet are an attorney, insurance underwriter and bank representative.

"One of the main subjects is to be wills," Bragg said, "and this is one thing everyone should have."

"Plan now--whether you are young or old--to attend these two meetings," he continued. "We feel confident that you will go away with

some information that can prove valuable to you and your family."

## Herring heads band boosters

Harold Herring was named president of the Band Boosters for the 1971-72 school year at a recent meeting.

Other officers are James Jordan, first vice-president; Leroy Miller, second vice-president; Mr. and Mrs. Sterling Martin, secretary-treasurer; and Mrs. Hilmer Mueller, reporter.

Everyone enjoyed the performance by the Beginner Band, under the direction of Billy Harrell. This band is composed of sixth and seventh graders from Lacy Elementary and sixth graders from St. John's Catholic School.

## MCAEC meeting planned

The Medina County Association for Exceptional Children will meet at 7:30 p. m. Monday evening, May 24, in the City Municipal Auditorium with Miss Isaura Barrera, with the Education Service Center, Region 20, in San Antonio, as guest speaker.

Miss Barrera has her BA in Major Communications Sciences and MA in Science Pathology and Language.

For the program, Miss Barrera will show and comment on some Plaget films.

The public is invited to attend these meetings and support this most needed cause.

## All Star tilt gets Morris Faseler

Big, tough, quick Morris Faseler, who ripped football opponents apart last two years to the tune of an All District selection, will be at it again come August when he plays for the South All Star team in Fort Worth.

Morris and Coach Nelson Bippert received word last week that he had been accepted for the team and he already has returned the application. And judging from his stalwart defensive action for the Owls last year, he could have written boldly across the form, "I'll come to play."

The game, which each year winds up the Texas High School Coaches Association convention and is billed as the Texas Schoolboy All-Star Classic, is slated for Fort Worth on August 5.

Morris lettered two years for Hondo and made All District both years. In his junior year he played tackle, and then last year played guard on offense and tackle on defense, with the latter position being the one where he made himself felt by other players.

The six foot-three, 205 pound son of Mr. and Mrs. Harold Faseler also announced that he has signed a letter of intent to play for the Bobcats of Southwest Texas State Uni-

## Help! says CF council

The Medina County Council of Camp Fire Girls will have a "Work Party" and cookout at Camp Mary Louise on Saturday, May 22, and they need help from all Council Members.

This will be a "fun day" of work and all who attend should do so prepared to help mow, paint, scrub, sweep, sew or just be handy.

"Come, bring your paint brush, tools and a salad," said the Council spokesman. "And let us know if you can come. Just call 426-2306 or 426-2222, so we can plan the meat for the cookout."

## Two happy grins

It was an occasion to grin Wednesday, May 13, when these two Hondoans got together in Del Rio. They are inspecting the plaque with which Region 2 of the Soil Conservation Service honored Radio Station KRME of Hondo for its service to the program. KRME Manager John Seater, left, holds the plaque so that E. L. Abbott, supervisor of the Medina Valley SCS District, can see it better. The presentation was made at the Region 2 meeting in Del Rio. Seater attended along with Mrs. Seater and son Richard. Factors in-

cluded in the judging were the station's weekly soil conservation program and its extensive coverage of such events as the field crops tour, the SCS elections, and wildlife conservation pollution abatement, etc. Abbott said: "Radio Station KRME has made it much easier for the District to reach the people on conservation of our natural resources. We are happy that KRME supports our District work and gives us free time to get conservation before the public."

## Students say 'wrong'

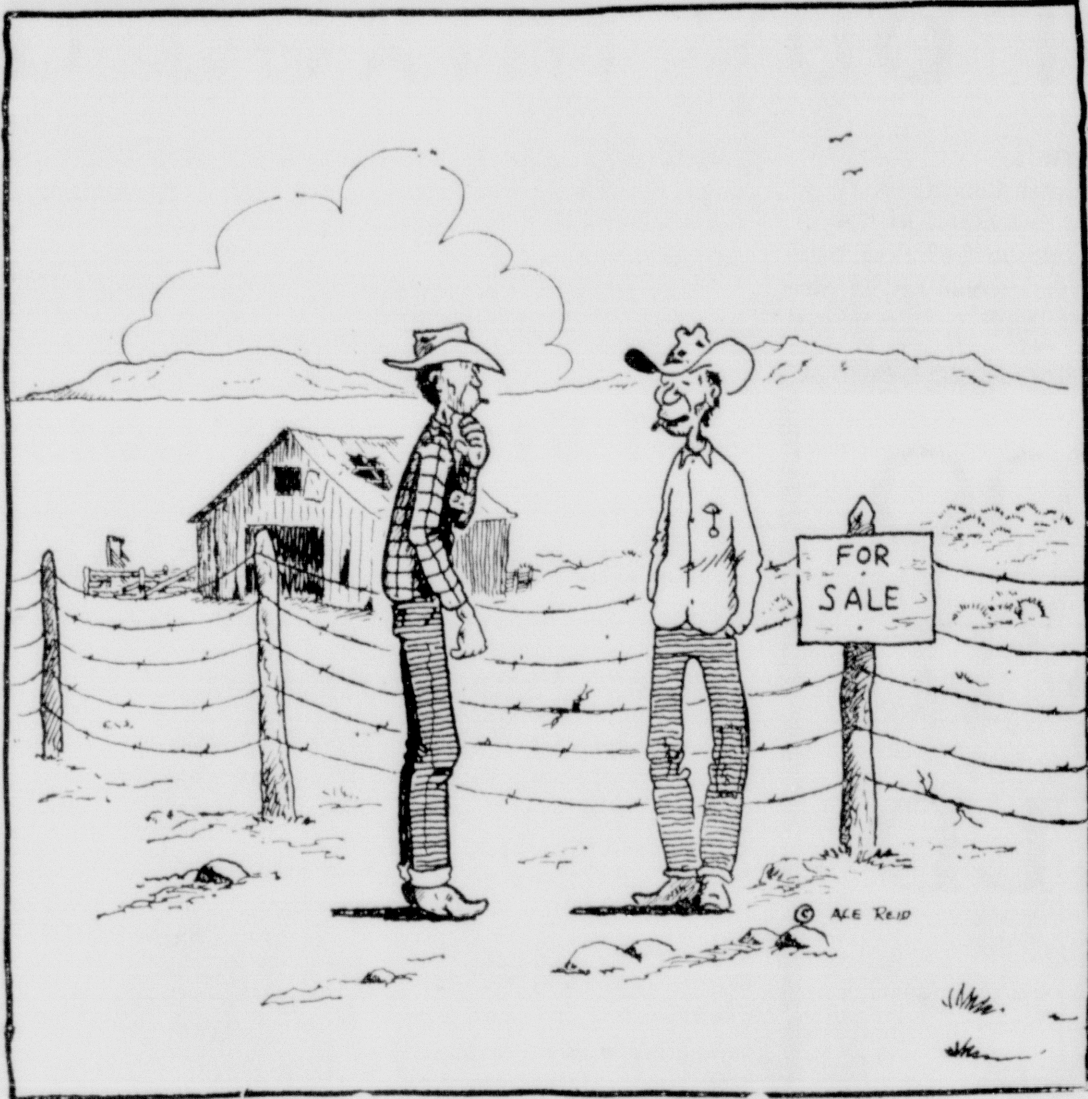

Dear Mr. Lawrence:

The letter which was run last week concerning the conditions at H. H. S. did not reflect the opinions of the entire student body as it seemed to imply. Its reception at school last Thursday was met more with embarrassment than with agreement. It seems that the authors of the letter are in a definite minority.

The "concerned students" who wrote the letter have done little at school to show they are "concerned." Except for complaining about the school under their breath or drawing attention to themselves by complaining in the newspaper, these students have not bothered to inform the school that they are dissatisfied with the current school policies. They have not bothered to complain to the principal or the superintendent or to attend a school board meeting and voice their opinions. They didn't even think enough of their campaign to identify themselves at the end of their letter other than saying they were "Concerned Students." Their attitude doesn't seem to show that

PUBLICITY COMING UP

I could hardly believe my ears this week when the boss, Bill Berger, came to town and told me about the excellent publicity that he wants to give to the Medina County Museum.

Bill is vice president and business manager of the brand new TEXAS STAR supplement which the readers of the San Antonio Express saw in their Sunday edition May 16.

The magazine has a circulation of 1,437,000—and Bill wants its staff to do a story on our Museum. He wanted to know when it would be open to the public. Would it be this summer? I could only tell him no definite plans have been made, but that surely by next summer we would have the Museum ready to greet visitors.

So it seems that come next year -- and maybe for Museum Day? -- our Museum can enjoy some outstanding statewide publicity. We could use it and rest assured, Mr. Berger, that we will keep it in mind and remind you of the offer.

WONDERS ABOUT OBJECT

Doyle Weber, who lives southeast of Hondo, called Monday to tell me about an object which he had observed in the sky on Thursday, Saturday and Sunday nights.

He said the bright object had two tails, one hanging down and another trailing and gave off red and blue colors. Doyle said he saw it better on his farm west of Hondo and watched it until about 3 a.m. Sunday morning when it was directly overhead.

I checked all the papers and other media and found nothing on it. So I assume it was what Doyle and I concluded, a large weather balloon. Anyone with different ideas might let me know and I can tell Doyle.

## Jury wheels turn legislative cogs

By John H. Poerner, State Representative, Dist. 49

JURY WHEELS - The House of Representatives engaged in lively debate on a bill to require the use of jury wheels in all counties of Texas. Several amendments were offered and adopted and the most significant, in regard to the 49th District, was the amendment to exempt all counties with a population of less than 25,000.

Under present law, any county may elect to use the system but it is not mandatory.

The jury wheel is simply a system to make certain all eligible voters are called for jury duty. The plaintiff and the defendant both would have the opportunity of several strikes on the list. The present system has been held unconstitutional because it does not give jury duty opportunity to all citizens.

REGULATORY AUTHORITY VETO POWER BY COUNTIES - The Senate approve H.B. 372 to give Uvalde, Zavala, Frio and Dimmit Counties the same

regulatory authority veto power on Parks and Wildlife regulations presently held by Medina County. The bill has been received back from the Senate with one amendment on which I plan to ask the House to concur and send the measure to the Governor's office for signature.

VEGETABLE STUDY COMMITTEE - I have introduced H.C.R. 129 to create a committee to study vegetable marketing and processing in Texas. Vegetable growers of the 49th District have requested some form of relief and assistance in dealing with prospective buyers from the East and the many problems involved in retaining quality control in marketing. The vegetable industry is in dire need of improved standards as some states (California, Florida, etc.) have adopted high standards of quality and consequently Texas has become part of their "dumping ground" for their inferior products. This is also true of some of the vegetables entering our state from Mexico.

### Parents Know the Drug Threat

The child you save may be your own

By

Jerry Williamson

Hondo

Chief of Police

Today's Subject: More Bad News for "Speed" Users (Methamphetamines).

Last week we talked briefly about injected Methamphetamines commonly called in the jargon of the street, "Speed". You'll recall that the effects of using this drug, in this manner, were very disturbing to say the least. Now, more bad news about "Speed" has come to light. On Thursday, November 5th, 1970, it was reported by a USC Medical Center team at Los Angeles that as many as 20% of the youths who "shoot speed", (take it by injection), may develop a blood vessel disease that has been fatal in about 30% of cases detected to date.

It seems to be indicated the disease kills by blocking blood vessels in vital organs such as kidneys and the heart. This will be the first deadly disease of the system that doctors have found associated with drugs which are abused.

"Speed" is, as we have said, a form of amphetamine — the "pep pill" drug. Users inject it to get a quicker, higher response. According to one doctor, working with the study, persons who take amphetamines orally to control their appetite may possibly be in danger of acquiring the lethal blood vessel disease. There were eight doctors on the medical team which made the discovery, at USC, from the departments of medicine, radiology and pathology. Dr. B. Philip Citron, who headed the team, has a report appearing in the November 5th issue of the New England Journal of Medicine. In it he tells of extensive studies done on 14 patients; four of them died and one is now near death. Eight of the 14 were males and six were females.

Most of those who died succumbed to heart failure or kidney failure, due to the blockage by scar tissue of blood vessels within those organs. Autopsies showed vessels in the pancreas, stomach and small intestines also were severely affected. It is hoped that the discovery will hasten the removal from the market of amphetamines which reportedly have "very little therapeutic value". LSD is also suspected as cause of the same blood vessel disease.

One interesting case, a woman patient involved in the study had been taking 30 pills a day, originally prescribed to control her diet. The dosage for that purpose is two pills a day. It seems this is a startling example of how diet pills, used under a doctor's prescription in the beginning, can get completely out of hand quite easily. In my first article I mentioned that the purpose of these "letters" was not to pin the blame for the drug problem on anyone. However, one can hardly consider all available information on the subject without coming to the conclusion that adults have been misusing drugs for many years now and have by so doing certainly contributed to the spread and increase of the practice.

Have you checked your medicine chest lately to see what dangerous drugs it may contain? Do you know exactly what drugs you keep in the house and whether they are potentially dangerous in the hands of children or young people? How would you feel if one of your children became involved with the misuse of drugs and you found it all started with something he found in your medicine chest?

We are discussing facts, friends, and considering all possibilities. That is why some unpleasant subjects are likely to come up during our consideration of the national drug problem.

Be with me next week. I think you'll find the subject of deep interest and if you are concerned about drugs I know your reading time will not be wasted.

## That's all she wrote

by Edna McDade

Dateline: LANCASTER, PA., and right in the middle of springtime! In renaissance contrast to the snow-covered countryside I left in mid-January, hills and meadows are now ablaze with color. Truly, not only the heavens, but the earth beneath, "declare the glory of God and . . . show His handiwork".

With John as chauffeur and two neighbors as assistant tour guides, I enjoyed a Sunday afternoon drive through the surrounding area. En route we were in what Lancaster Countians call "real apple country," with thousands of trees in pink-&-white bloom.

I can't begin to do justice to description but here are some of the trees and shrubs we saw, identification courtesy of the neighbors: white and pink dogwood; the hot pinks of cherry and crab-apple; golden yellow forsythia; ornamental maples whose leafy boughs are a metallic sheen in the sunlight; the purples of tulip magnolias; white and deep violet lilac lilacs; redbud (as in Texas); the soft pink of ornamental weeping cherry trees; the entire gamut of greens represented by the endless varieties of trees and shrubs most of which are now sending out feeler leaves in anticipation of summer shade and shadow.

Don't get me wrong! The beauty of Spring in Texas is a thrill I've experienced for many a spring but I can see now, as John reminds me, why he was so insistent upon my returning to share this special experience with him. More pictures for my book of memories!

The evening before my departure, I was among the guests at a dinner honoring MARY OCTAVIA (Dutz) DAVIS and other teacher retirees of Burnet Elementary School, SA.

Among those present was JACK FOHN, now of SA, but a former Hondoan who was in the first first grade taught by Dutz, and who says he still counts this privilege among his many blessings.

Retirement for Dutz will not mean "all play and no work" but she looks forward to a more leisurely pace to devote to her writing, and art, and she told me that she has "ideas cooking for at least a dozen or more books". Watch for publication dates!

I was at SuperSav one morning when customers were admiring several babies who were helping their mommies with the day's shopping.

Also present was LUPE ALVAREZ's Uncle JOE who observed "Sure, babies are pretty and good and nice and all that but they can't appreciate what folks say. When we are old is when we need that sweet talk but what we get is only "Poor old thing, maybe he won't last too long!"

It has been said that "He who tooteth not his own horn, the same shall not be tooted".

This proposes to toot a well-deserved toot for MARY CLARA (Tootie) MEYER who recently won high honors at the Alzar Shrine Charity Horse Show in SA.

Having begun "training" when she was ten, Mary Clara is now an accomplished young horsewoman and has countless ribbons, trophies, and other recognitory collections to prove her prowess.

At the Shrine show, she was acclaimed Champion Amateur Owner, jumper class, and the total points she has won now give her a good start to become eligible for the Texas Hunter Jumper Association's award for that class in 1972.

If you see HUGH and MAKY moving into a mobile home at the pony patch some day, it will probably be because their big home on Ave. M has been filled to the rafters with Tootie's trophies etc.

When CHESTER HEYEN asked Mrs. FRANK (Lenora) SANDOVAL and me, one cloudless hot sunny morning "When is it going to rain?" her answer was "When the rainmaker sends it and we keep our faith!"

Since then, I know we've had several fair-to-middling showers back home and I hope that, by now, more than "mercy drops round us are falling", as the old hymn runs.

Rain greeted me in Baltimore en route here and more is falling today. Enough fell in Lancaster County last year to boost the farm output to a soaring \$158.7 million, setting an all-time record.

The total represents the production figures in field crops, livestock, dairying and poultry products from the area's 5,560 farms, whose number remains unchanged since 1969, first time in 12 years that farms held steady, no decrease.

## Natalia graduation programsscheduled

Natalia High School Baccalaureate Services will be held in Natalia High School Mall Sunday, May 23, at 8:00 p.m. with commencement exercises to be held at the high school gym at the same time Friday.

The sermon will be given by Dan Pitts of the Natalia Church of Christ.

Chaplain Roger D. Russell of the Community Presbyterian Church will give the invocation and Rev. Michael Maertens of St. John's Bosco Catholic Church, the Benediction. Rev. Frank Pullin of the Natalia Baptist Church will read

scriptures for the service. County Judge Jerome Decker will give the commencement address Friday.

# Hondo Garden Club garners top awards in statewide competition at El Paso

A description of the honors won at the recent state meeting in El Paso highlighted the annual luncheon and officer installation of the Hondo Garden Club Friday, May 14.

Mrs. Bruno Schweers reported that the Hondo Garden Club came home with several honors at the El Paso meeting of the Texas State Garden Clubs, Inc. The club tied for Garden Club of the Year; was awarded the Honor Roll Rating, the highest award for a garden club in the state; first place on the president's report; and second place on the yearbook. These awards are now on display at the Municipal Building.

The Hondo Garden Club also has two district officers and three district chairmen in District VII. Mrs. Hilmer Haegelin is District Director; Mrs. Bruno Schweers is corresponding secretary; and chairmen include: Mrs. V. H. Crow, conservation; Mrs. Geo. Cole, junior garden club; and Dr. Hazel Taylor, plant societies.

These ladies will attend workshops for officers and chairmen in Corpus Christi on May 21 and in San Antonio on May 26.

Following the reports, the new officers for 1971-72 were installed by Mrs. Barnitz Carle, past-president. Using the theme of "Music" she likened the tasks of the officers to various parts of a musical score, with the president being the conductor.

Mrs. Marshall in her acceptance address, set the theme for the coming year as "Beauty" with a watchword, "Where there is beauty, preserve it; where is none, create it."

## Farm electrification short course plans told

A Farm Electrification short course for adult farmers will be held June 21-24 under the sponsorship of the Hondo High School Vocational Agriculture Department, according to Supt. J. G. Barry, J. D. Schmidt and John McAnelly, teachers of vocational agriculture.

Bob Jaska, Farm Electrifi-

cation specialist with the Vocational Agriculture Division of the Texas Education Agency and the Department of Agricultural Engineering at Texas A&M University, will do the instructing in the course. He is headquartered at Texas A&M University and holds a Master's Degree in Agricultural Engineering. He joined the Agricultural Education Specialist program in 1958 as Farm Electrification Specialist has served as Coordinator of the entire program since 1962.

"Many Farm Electrification short courses in various parts of the state have been taught by Jaska and all have met with outstanding success," according to W. H. Pittard, Jr., area supervisor of vocational agriculture, Austin, Arrangements for the adult education short course in Farm Electrification and in other fields are made through Pittard's office.

The short course at Hondo is scheduled to begin June 21 at 8 p.m. in the vocational agriculture building. Other meetings in the series of four will be held June 22-23-24. During the dates the short course is in progress, Jaska will be available to assist farmers with individual problems and to provide on-the-farm instruction, according to Schmidt and McAnelly.

Farmers interested in attending the short course should write or call the superintendent of schools, J. G. Barry, or the teachers of vo-ag, J. D. Schmidt or John McAnelly. An entry fee of \$3.00 will be charged.

## Students cast votes in 'mock' election

Senior Civics and Texas History students studying under Mrs. John O. D. Coyle in Hondo High School Tuesday climaxed a study of the constitutional amendments by casting ballots of their own.

In overall voting the students, totaling 51, gave approval to four issues and sent one down in defeat. They gave thumbs down to Constitutional Amendment No. 1, which would authorize the creation of an Ethics Commission to serve as a watchdog over the Texas Legislature.

But they said "okay" to Amendments II, III and IV and the liquor-by-the-drink proposal. By classes the votes ran: Civics (33 students)-Amend. I, 11 for, 22 against; Amend. II, 25 for, 8 against; Amend. III, 21 for, 12 against; Amend. IV, 30 for, 3 against; Liquor-by-the-drink, 27 for, 6 against.

Texas History (21 students): No. I, 15 for, 6 against; II, 12 for, 9 against; III, 10 for, 11 against; IV, 21 for, 0 against; liquor, 14 for, 5 against.

Overall vote: I, 26 for, 28 against; II, 37 for, 17 against; III, 31 for, 23 against; IV, 51 for, 3 against; liquor, 41 for, 11 against.

Mrs. Coyle explains the assignment: "On Friday, May 14, the students were given an assignment to study the comments in the Sunday newspaper and last week's Anvil Herald regarding the proposed amendments. They were told that on Monday they would be required to give an opinion on any or all of them."

"Monday I asked each student to write a brief reason for his stand on each amendment and the local option on liquor-by-the-drink. When they finished their comments, I read them orally to the class and we tabulated the results."

"On Tuesday they voted using sample ballots provided by the Anvil Herald."

A comparison of the opinion poll and the actual voting revealed that some of the stu-

dents had changed their minds in the elapsed time, but the changes would not have affected the outcome in actual voting.

## Garden Club

Programs for the coming year were outlined by Junior Garden Club executive committee members when they met last week, according to a story released by Club Reporter Nancy Martin.

The programs will include soil conservation, flower show preparation, horticulture workshop, flower arranging, workshop and demonstration, bird and garden pilgrimages, litter bug displays, Arbor Day tree planting, conservation pledge and membership drive party.

By laws were read and committees were also explained.

Adult leaders present were Mrs. George Cole and Mrs. Mark Marshall.

## Present music recital

Attendance was good at the May Musicale held in D'Hanis High School Gym on May 4. Taking part in the recital were these elementary and high school students, left to right, Front Row: Tina Marie Weyand, Anna Maria Ortiz, Sally Irene Finger, Sharon Diane Bendeke, Laura

Lee Zinsmeyer, Kent David Floerke, Mary Linda Rothe. Back Row: Robin Charles Hood, Hilmar Anthony Koch, Dori Ann Weyand, Cynthia Kay Rothe, Shirley Ann Rodriguez, Stephen Henry Koch, Sister Marie Lou- is, CDP, instructor. Special awards were made by Hilmar Anthony Koch.

## Three attend meet

Mr. and Mrs. Bob Peden and Mr. and Mrs. O. A. Fly attended the Spring meeting of the Southwest Texas Pharmaceutical Association in Del Rio Sunday.

George Webb, president of the statewide association, was

principal speaker and various problems of the profession were discussed.

Both Mrs. Peden and Fly are past presidents of the organization and they will serve as hosts for the Fall meeting to be held in Hondo with new President Richard Ortiz presiding.

## Cards of thanks

We wish to extend our  
heartfelt thanks to all our  
relatives, friends and neigh-  
bors who brought food, sent  
flowers, masses and other  
expressions of sympathy in  
our hour of sorrow during the  
illness and death of our be-  
loved wife and mother, Hed-  
wig Hutzler. A special thanks  
to Msgr. Ralph Smith, Rt.  
Rev. Michael Martens and  
Hurley Funeral Home. Your  
thoughtfulness will always be  
remembered.

The Adolph Hutzler  
Family

I would like to thank Dr.  
Duty and the hospital staff  
for their excellent care of  
me during my recent stay in  
the hospital. I would also like  
to thank Rev. Durkop, Rev.  
Hanneman, Father Carolan  
and Father Stueben for their  
prayers and blessings. My  
thanks also go to the kind  
relatives, friends, and neigh-  
bors who helped me and my  
family in so many ways.  
Alfred Winkler 5-20-tfc

We extend deep apprecia-  
tion to all our friends who  
did so much for us during  
our recent bereavement. The  
many beautiful expressions of  
sympathy were most helpful.  
We are grateful to Father  
Carolan and to those who  
helped in a financial way,  
especially to Janie Barrientes.  
The family of  
Mr. and Mrs.  
Roman D. Martinez 5-20-tfc

We wish to thank all our  
kind neighbors, friends and  
relatives for their acts of  
love and sympathy during our  
recent crisis. Also we extend  
our grateful thanks for the  
many beautiful cards, flow-  
ers and food. May God Bless  
you.  
Don and Suzanne Berry  
Pearsall, Texas 5-20-tfc

I wish to thank each and  
everyone for the prayers,  
visits, cards, flowers, and  
gifts during my recent stay  
in the Medina Memorial Hos-  
pital for surgery. Your pray-  
ers and thoughtfulness will  
always be remembered.

day action explodes this year in the Association Arena in Hondo.

Kicking off the event will be a parade through downtown Hondo on Friday, June 4, and all interested in participating are urged to contact Parade Chairman Randy Gray, 426-2745.

## Astros set tryouts

The Houston Astros' annual baseball tryout camp, for players 16 through 21 years of age, will be held at the Municipal Baseball Park in Tyler, Texas June 17-18-19. Player Personnel Director Tal Smith has announced.

The camp will be under the direction of Houston scouts Stan Hollmig and Gordon Lakey. Stan is a former Hondo High School great who went on to play for the old New York Giants.

All young players in the 16-to-21 age group are invited to attend the camp, for which there is no charge. However, each player attending should be prepared to spend at least two days in Tyler at his own expense. If a player is signed to a contract with the Houston organization his expenses will be reimbursed.

The Astros will furnish bats, balls and catching equipment, but each player must supply his own uniform, glove and shoes.

American Legion players are required to have a letter from their Legion coach or commander giving them permission to try out.

A number of Astros' scouts as well as several college baseball coaches will attend the camp, which will be climaxed on Saturday, June 19, with a game between two teams of the best players chosen by the scouts.

### Here in Hondo

Mrs. G. O. Braden spent Saturday night in San Antonio with Mrs. R. G. Shaw and children and took in the performance of the dance group of Holy Spirit Elementary School at Antonian High School. Little Miss Laura Jungman performed in this skit as a member of the dancing group.

Hungry stomachs can follow the parade with all the eating they want at the beef barbecue scheduled at the Hondo City Park at 5:30 p.m.

There will be plenty of time between eating and the rodeo performance at 8 p.m., so you won't have to hurry to make it back to the rodeo grounds.

Then after the rodeo each night those who like to "shake a leg" can enjoy dancing beginning at 9 p.m. each night.

Association President George Wilson has issued a special appeal for new mem-

bers. "We need more members to add to our present 60," he said. "Dues are only \$10 per year per family and you may send dues to Peggy Heyen, Medina County Rodeo Association Secretary, Bandera Route, Hondo, Texas 78861.

"The arena was built for the people of Medina County as a recreation facility for the entire family," Wilson continued. "It is especially for the youth and we certainly need more support from the people in the county through membership dues."

## Eagles outslug Sports by 10-9

Richard Hernandez, Rudy Gonzales and Johnny Miranda stroked run-scoring hits and Rusty Beard choked off a ninth inning uprising Sunday as the Hondo Eagles stopped the Robles Sports 10-9.

The Eagles finally snapped out of a three-game losing streak before an overflow crowd at Pruneda American Legion Ball Park. In the first three innings the Eagles jumped to a 6-2 lead. This attack against pitcher Pete Sandoval

featured a two-run homer by Johnny Abrego.

The Sports then brought in ex-Texas leaguer Morris Stevens, former star for the San Antonio Missions, and then cooled the Eagles down in the fourth and fifth innings.

However, Eagle batters responded to the challenge and scored single runs in the sixth and seventh innings. And in the eighth they added two more tallies for insurance by tagging Stevens' fast ball and curve.

Rudy Gonzales with four-for-five and Johnny Miranda with three-for-five hitting performances raised their batting averages to .464 and .478 respectively.

Lefty Rusty Beard managed to go the entire distance despite a last inning rally by Robles batters. He went into the ninth inning with a 10-5 lead.

However, the Sports caught up with him and hammered out homers by Gilbert Contreras and Billy Contreras to help out the four-run outburst that had the Eagles and their rooters sweating out the final inning.

The Eagles return to the Hill Country League action against cross-town rivals, the ARA Redbirds, on Sunday. Game time will be 3 p.m. at Pruneda Ball Park.

## Horse show slated

Action in the County 4-H Horse Show is scheduled for Saturday, May 22, at the Rodeo Arena on the Air Base.

Eliminations for the District Horse Show, which will be held in June, will be judged that day.

Halter Class entries are to be judged at 5 p.m., and Performance Class judging will follow at 8 p.m.

The public is invited and refreshments may be bought on the premises.

Mr. and Mrs. Johnny Valdez, Louie Pena and Mrs. Connie Saldana went to SA Saturday night to attend the football game between the SA Toros and the Dallas Rockets at the Northeast Stadium. The score was 41 to 17 in favor of the Toros.

Mr. and Mrs. Jack Burns, David and Brenda and Mrs. Burns' parents, the Lyle D. Pugh's, returned home Friday night after a nine-days' trip to Denver, Colo. to visit Mr. and Mrs. Royce Todd, Becky, Betty, Barbe Nell and Tony. While there, they also visited Mr. and Mrs. Henry (Sonny) Rackley and children, Steven, Kenneth and Diane. Mrs. Todd is the former Dolores Pugh.

Mr. and Mrs. A. W. Bongers motored to Derby Sunday for the day with their daughter and son-in-law, Mr. and Mrs. H. J. Hardcastle.

Mrs. B. J. Robbins had as guest Wednesday afternoon, her nephew, Frank Robbins of Victoria.

Robbin Evans, Cheryl Richardson, Carol Weber, Gladys Obaya and Diane Hernandez were chosen as cheerleaders for the Natalia School for the coming year. Cindy Wells was chosen as first alternate and Jeannine Barber as second alternate. Judges were from SWTSU, San Marcos.

Hector Hernandez and sons Hector Jr. and Richard, accompanied Mrs. Hernandez to Eagle Pass Sunday afternoon where she boarded a bus for Monclova, Mexico to visit her mother, Mrs. Claudia Velarde, who is ill. Mr. Hernandez met her in Eagle Pass Wednesday afternoon to accompany her back home.

Mrs. Donna Merle Gates of SA came out Saturday for the day with her sister and brother-in-law, Mr. and Mrs. J. W. Clawson.
